Two investment options; Capital Growth or Capital Protected

By using one or both of our Funds you can balance the risk that suits your situation and preferences.

Theta Capital Growth Fund

This Fund offers you increased potential for growth, but also has some risk. The minimum investment is \$10,000 and all of your investment is traded by the investment managers.

- 100% of funds traded
- Increased potential return

Theta Capital Protected Fund

This Fund offers you a lower potential for growth, but also reduces the risk. The minimum investment is \$10,000 and the term is 3 years. The majority of your initial investment is invested in rolling fixed term investments. Only a portion of your investment is traded by the investment managers.

- Minimum term of 3 years
- Part of your investment is traded
- Lower potential for growth
- Lower Risk
- Approx 80% of your investment is placed into rolling fixed term facilities
- Approx 20% of your investment is traded by the investment managers

Fund performance

At the time of publication both Funds had significantly out-performed both the S&P ASX 200 Index and the Australian All Ordinaries Index.
